phone: (818) 357-7120

## OBJECTIVE

To secure a position as a Senior Web Developer with a leadership role in an aggressive, growing company. My goals are to grow in technical acumen, experience and responsibility and be a major contributor to your company.

## QUALIFICATIONS

I have developed many original, intuitive, fast, data driven websites. I am expert in ASP, PHP, HTML, CSS and web graphics and have advanced knowledge of SQL, MySQL and JavaScript. I am highly computer literate and am adept at learning new tools and mastering them. My enthusiasm and thirst for knowledge will make me a valuable addition immediately as well as in the long term. I work well in a leadership capacity, a team environment or as an individual contributor.

## SKILLS

### *Operating Systems*

MS Windows XP, 2003, 2000, NT, ME, 9x and 3.1x; Linux; Mac OS X; UNIX

### *Programming Languages/ Technologies/ Techniques*

ASP/VBScript, PHP, HTML/ DHTML, CSS, SQL, JavaScript, Perl, XML, C#, VB.NET, XML, Java, CGI, AJAX; Graphics Optimization, GUI Interface Design, MS and Linux Server Administration, Cross Browser Testing and Design, Usability/ Accessibility, Hand Coding (as opposed to using a GUI)

### *Software*

Dreamweaver, Photoshop, Flash, Acrobat, Illustrator, Quark, PageMaker, Word, Access and Excel, SQL Server 2000, IIS, MySQL, Apache and many more

\*Operating Systems & Programming Languages are in approximate order of experience.

## EDUCATION

Rice University, Houston, Texas B.S. Degree in Mechanical Engineering, 1997

## WORK HISTORY

**9/2003 – Current:** Director of Internet Development, Paiste America, Inc. Researched, proposed and implemented most internet and IT related decisions for the third largest cymbal manufacturer in the world. Primary responsibility is [Paiste.com](http://Paiste.com). Completed some print projects as well as performed IT work for a small office network. Learned PHP, MySQL and Apache administration as well as improved my project management skills.

- Completely overhauled, optimized and improved existing corporate website.
- Made most areas of website dynamic and implemented server side technologies to minimize time it will take to make future design changes.
- Made administrative features so principles can directly change web content.
- Removed frames, made site more consistent and improved navigation cues.
- Monitored various industry forums to determine what our customers want.
- Created flash ads and monitored search engine performance for keywords.

**5/2002 – 7/2003:** Internet Developer, NuMedia

Further developed team skills, managed projects, learned many new techniques and skills such as stored procedures, triggers, ASP.NET and much more.

- Visit [www.numedia.com/Portfolio/Index.asp](http://www.numedia.com/Portfolio/Index.asp) to see recent nuMedia projects.
- Worked on the the following sites (placed in order of my contribution) [whenchildrenhavecancer.org](http://whenchildrenhavecancer.org), [alamo-industrial.com](http://alamo-industrial.com), [mhscalendar.com](http://mhscalendar.com), [numedia.com/iHR/index.asp](http://numedia.com/iHR/index.asp), [nucamps.com](http://nucamps.com), [lyc.nucamps.com/alumni](http://lyc.nucamps.com/alumni), [demo.nucamps.com/alumni](http://demo.nucamps.com/alumni), [secure.sahealth.com/mhspreregistration](http://secure.sahealth.com/mhspreregistration), [sanantonioedf.com](http://sanantonioedf.com), [klu.org](http://klu.org), [thesanantonioriverwalk.com](http://thesanantonioriverwalk.com), [thehighcalling.org](http://thehighcalling.org), [klrn.org](http://klrn.org), and many more.
- Enhanced my knowledge of SQL stored procedures and general DB techniques, ASP.NET, accessibility, browser compatibility, teamwork, and general web development techniques.

**10/98 – Current:** Contract ASP Web Designer, Many Web Sites

Worked on multiple projects for several customers. Some sites were a totally new design, while others were larger or smaller upgrades to a current design.

- Please visit [www.runamok.net/portfolio.php](http://www.runamok.net/portfolio.php) to see my most recent projects.
- Worked on many sites including: [Biotechsystems.com](http://Biotechsystems.com), [Yknot.us](http://Yknot.us), [FleetFeetHouston.com](http://FleetFeetHouston.com), [RotarySteerable.com](http://RotarySteerable.com), [RunWildSports.com](http://RunWildSports.com), [Nimitz-Museum.org](http://Nimitz-Museum.org), [InternetImmersion.com](http://InternetImmersion.com), [ProSing.com](http://ProSing.com), [NetPaks.com](http://NetPaks.com), [AustinGuterman.com](http://AustinGuterman.com), [AgirlLikeU.com](http://AgirlLikeU.com), and [TexasFOP.org](http://TexasFOP.org) .
- Enhanced my knowledge of HTML, CSS, ASP, SQL, VBScript, Components, MS Access, MS SQL Server 2000, Perl, CGI, PHP, MySQL and Apache.
- Created many happy and satisfied customers!

**02/98 – 06/00:** Designer/ Quotation Coordinator, Piping Technology & Products  
Design & fabricate metal support parts for use in the petrochemical industry.

- Created models of pipe supports and then proved design using finite element analysis. Pro/E, COSMOS/M, Photoshop and MS PowerPoint were utilized for the modeling, stress analysis and final presentation.
- Presented quotations for projects worth several million dollars.
- Priced and developed cost models of customer designs and requests.

**09/95 – 02/98:** Salesperson, Fleet Feet Sports

Running store that emphasizes customer service and product knowledge.

- Gave fantastic customer service with patience, humor, knowledge and 7+ years of running experience.
- Performed any and all duties either voluntarily or when requested to make the store attractive, easy to use and safe.

## **HONORS AND AWARDS**

National Merit Scholar, 1993
